

ISSI's Annual Holiday Raffle Raises Over \$13,000 for Charity

CHERRY HILL, NJ—December 20, 2011—Innovative Software Solutions, Inc. (“ISSI”) announced today that the company’s holiday raffle raised over \$13,000 for charity.

Each December, the Initiatives Committee (“I.C.”) hosts a charity raffle during the company’s holiday party. This year’s raffle raised funds for the Be the Match Foundation, which supports the National Bone Marrow Registry, as well as the Burlington County Chapter of the American Red Cross.

“The raffle has quickly become an integral part of ISSI’s holiday celebrations,” said Maureen Cannon, who led the team organizing the event. “The entire process, from selecting the charities to the excitement of the prize drawings, is a great experience.”

ISSI supplied the prizes for the raffle, allowing all proceeds from ticket sales to be donated. In addition, the company matched the staff’s contributions dollar for dollar. This year’s raffle raised a record \$13,100 to be shared between the selected organizations. “We are very proud of the raffle’s success and are honored to support both the Be the Match Foundation and the Red Cross,” Maureen concluded.

Since its inception in 2002, the raffle has raised over \$89,000 for charity. All contributions were made by the ISSI staff in memory of our dear friends Miguel Serrano and Helen Medwin.
